### **Statement Regarding Permissible Employment Duration at RWTH Aachen University**

In the following statement, I am listing all jobs I have had with German universities, research institutions, or university members under a private employment contract from when I was awarded my first professionally qualifying university degree.

I understand that all contracts that existed or were concluded in accordance with Section 2, Paragraph 1 of the Wissenschaftszeitvertragsgesetz (WissZeitVG - German Act on Temporary Academic Contracts) after I completed my first career-relevant university degree count towards the maximum period of employment per the WissZeitVG.

Assistant contracts concluded under Section 6 WissZeitVG are only counted from the date of the Master's degree (or comparable).

For the purposes of the provision, civil service positions or substitute professorships are considered employment relationships.

First professionally qualifying university degree awarded on:

Bachelor's degree (or equivalent): dd.mm.yyyy

Master's degree (or equivalent): dd.mm.yyyy

Doctorate degree:

- Oral doctoral exam on: dd.mm.yyyy

- Date of the certificate: dd.mm.yyyy

Please use the following abbreviations in the last column for the type of employment:

SHK = Student assistant

WHF/WHB/WHK = Graduate research assistant

WBES = Academic staff

Other = Civil servant / substitute professor, employee under a private contract

Please note:

Please attach proof of these employment relationships – **except for those with RWTH Aachen University** –, e.g. in the form of employment contracts (copies).

- ☐ I have never been employed at a German university or a research institution or privately employed by a member of a university.

I certify that the information I have provided is true and complete.
